

# The Time for Mobile Payments with Loyalty is Now!

Contactless payments are vital to ensuring consumer satisfaction following COVID and addressing the digital natives who will be 59% of the population by 2026. And by adding loyalty, this group gets the instant gratification they expect of seeing earned points in real-time and the ability to redeem or pay with points at the time of purchase.

So it's time to act now.

## The Partnerships

Mobilozophy, a mobile marketing solutions provider, seeks to form strategic partnerships with payment processing providers to combine technologies to deliver an integrated mobile payment processing and consumer loyalty solution.

## Why Mobile Payments?

- Consumer Convenience
- Easy to Use
- Touchless Experience
- Faster Checkouts
- Operational Efficiency
- Secure Transactions

### Payment App

Brand the consumer payment app with your logo and branding elements.

### Contactless Payments

Performed by scanning a QR code from the mobile payment app.

### Security

Uses an algorithmically generated number called a token to protect debit or credit card information.

### Loyalty

Integrated mobile loyalty allows consumers to join programs to earn points towards receiving rewards, and pay with accumulated points.

### Wallet

Upload and manage credit or debit cards to use for payments.

### Engagement

Send SMS or push notifications to enhance consumer interaction.
